

Bridging the Gap with your State Liaison

Video Series

The Advisory Council for State Liaisons developed multiple videos highlighting the great work being done by State Liaisons. Please visit the links below to watch and learn more.

Being a State Liaison-Collaboration

YouTube: <https://youtu.be/3Ru2fnVLNt0>

This video highlights how FDA State Liaisons work in a collaborative environment building relationships and trust with our state counterparts through mutual acceptance and reliance to support FDA's mission of protecting public health.

Role of a State Liaison-Communication Matters

YouTube: <https://youtu.be/DDDKHAoT-OA>

This video provides insight into the role of an FDA State Liaison and how the position helps bridge the gap between FDA and our state counterparts by striving to maintain strong working relationships through effective communication.

What is a State Liaison-Trusted Partners

YouTube: <https://youtu.be/rJTKMonSlH4>

This video showcases how FDA State Liaisons work cooperatively building trust with our state counterparts through longstanding relationships with the District/Division staff, while attending meetings, training, and problem solving together.
