

ORA Partners Portal (ORAPP) Sample Receipt and Analysis Multi-File Submission Knowledge Article

Summary

The Office of Regulatory Affairs (ORA) Data Exchange (DX) program works to provide a safer food supply to consumers by enabling state labs to share Sample food safety data with FDA. The ORA Partners Portal (ORAPP) is one of three ORA DX systems used by state labs to electronically exchange Sample data with FDA. This knowledge article contains instructions on how to simultaneously **submit multiple Sample Receipt and Analysis files** and **view/download** the submission status in ORAPP.

File Requirements

A **maximum of 10 files** can be uploaded for a single submission. Each file must meet the following criteria for a successful submission:

- 2MB maximum file size
- Unique file name (75 characters max.)
- Not password-protected

File Data

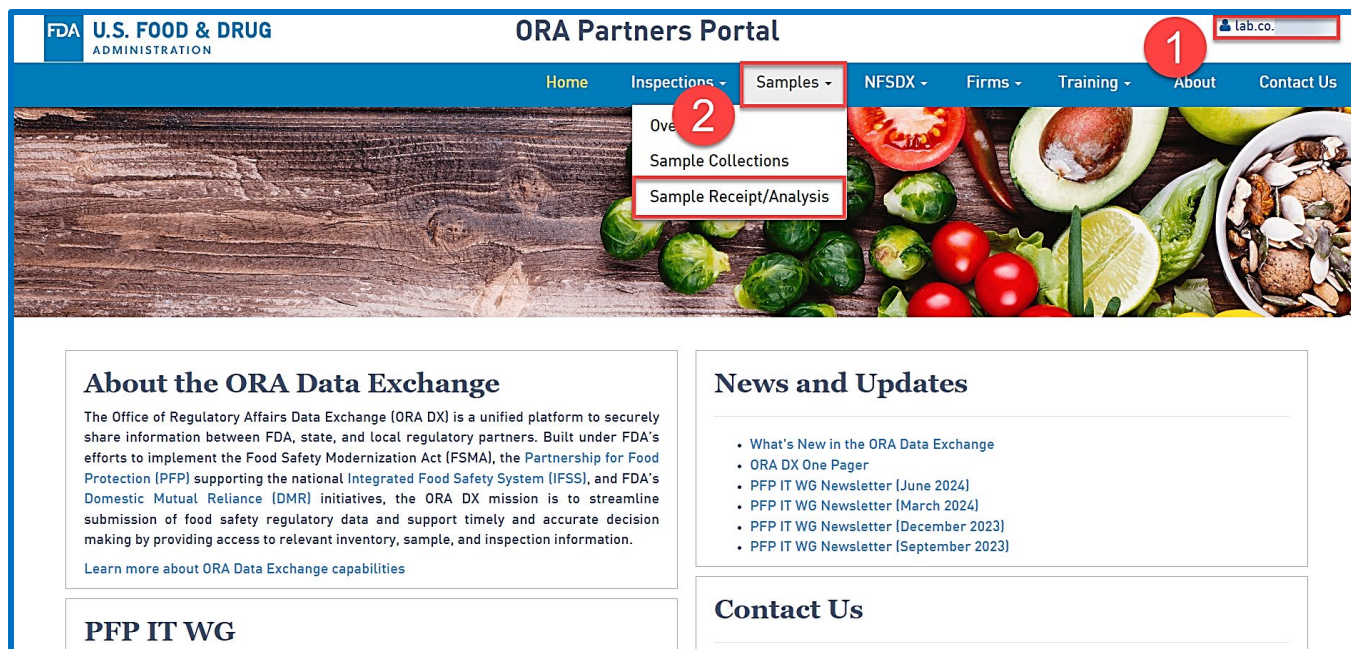

Sample Receipt and Analysis files can contain:

- Multiple Sample numbers
- Sample Receipt and Analysis data for the same Sample number(s) **Note:** Analysis data cannot be submitted for a Sample before receipt data
- Multiple Program Assignment Codes (PACs) and Problem Area Flags (PAFs) combinations for the same Sample number

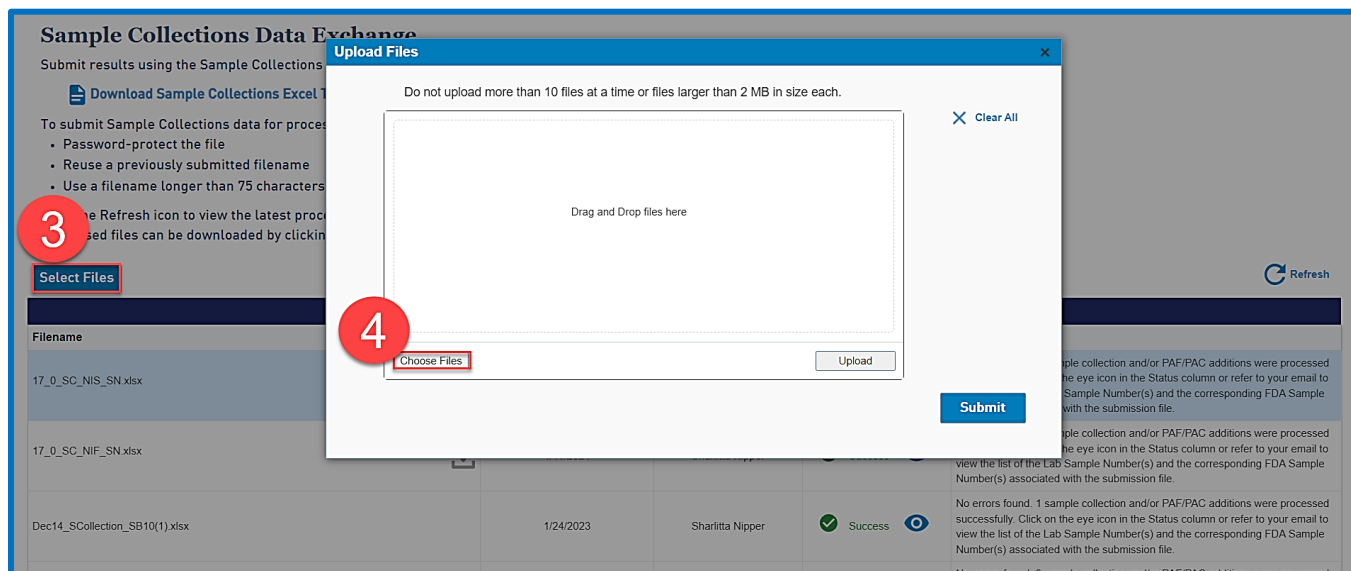

Submit Multiple Files

To submit multiple Sample Receipt and Analysis files:

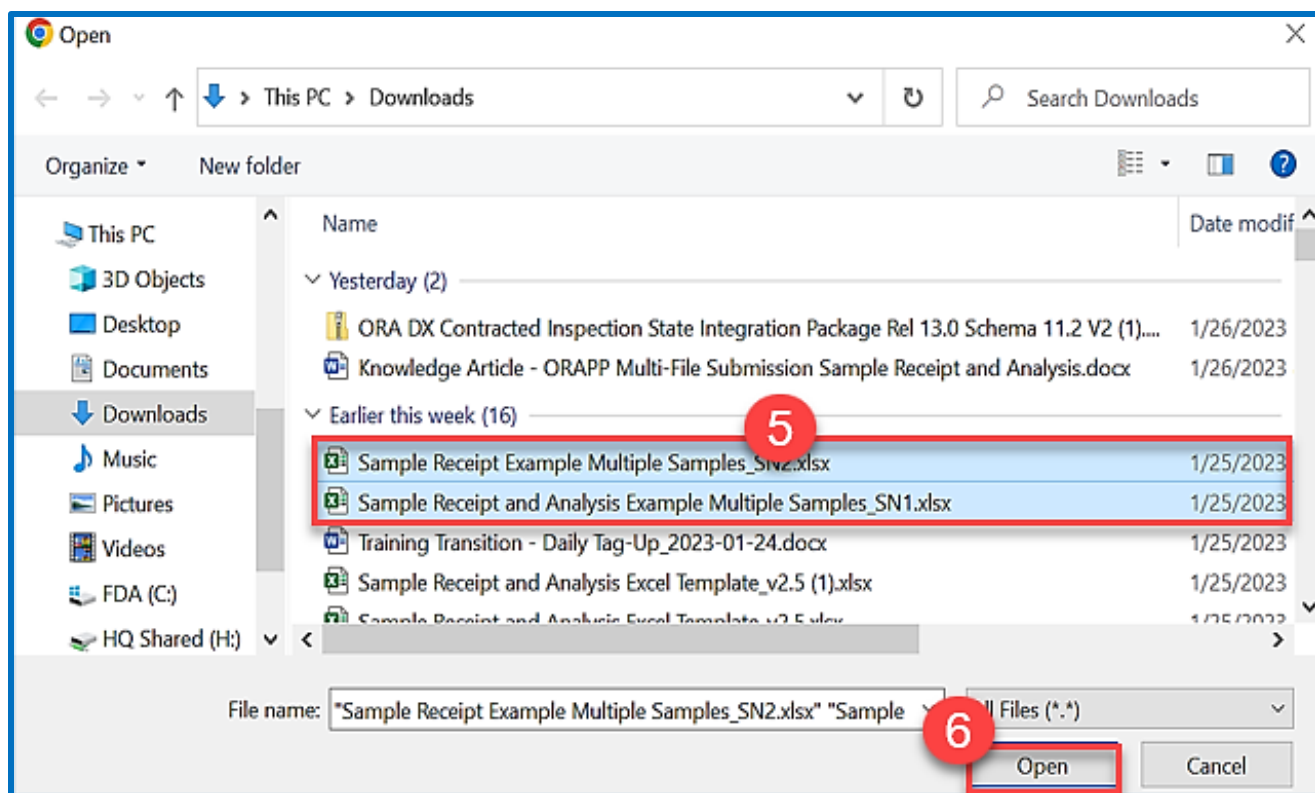

1. Log in to [ORAPP](#).
2. Select **Samples** on the menu bar and choose **Sample Receipt/Analysis** on the submenu. The Sample Receipt and Analysis page displays.

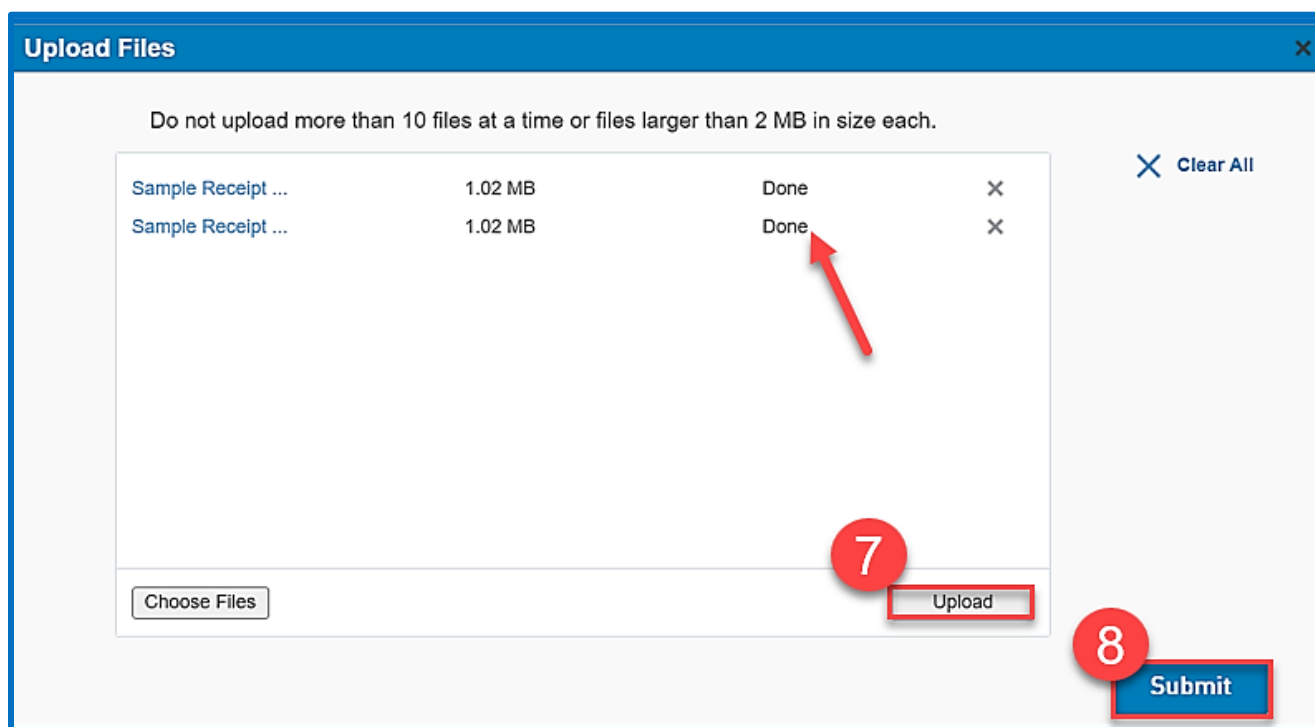

3. Choose **Select Files** on the left side of the Sample Receipt and Analysis page. The Upload Files window displays.
4. Select **Choose Files** in the Upload Files window. The Open window displays.

5. Press and hold the **ctrl** key on the keyboard while selecting multiple files.
6. Select **Open**. The selected files are displayed in the Upload Files window.

7. With the files displayed in the Upload Files window, select **Upload**. **Note:** A maximum of 10 files can be submitted at a time.
8. Once the status displays **Done** for all the files, select **Submit** to submit the files for processing.

9. The Upload Files window disappears, and the Sample Receipt and Analysis page displays the submission status of each file. **Note:** The ORAPP Sample Receipt and Analysis page automatically refreshes every 2 minutes. If the submitted files are not displayed, use the **Refresh** button to manually refresh the page.
10. The **eye icon** provides access to details for each sample number including **submission status** and **error messages** (if applicable).

To submit Sample Receipt and Analysis data for processing, **DO NOT**:

- Password-protect the file
- Reuse a previously submitted filename
- Use a filename longer than 75 characters or containing * " : ? / \ < >
- Upload more than 10 files at one time
- Upload a file more than 2 MB in size

Click the Refresh icon to view the latest processing information for the submitted files.
Processed files can be downloaded by clicking the Download icon. The processed files will be available for download for one year from the Submission Date.

Select Files 9 

Colorado Department of Public Health					
Filename		Submission Date	Submitted By	Status	Status Summary
Sample Receipt Example Multiple Samples_SNTTest7.xlsx		1/27/2023	Sharlitta Nipper	10 	No errors found. 1 sample receipts and/or analyses were processed successfully. Click on the eye icon in the Status column or refer to your email to view the list of the FDA Sample Number(s) associated with the submission file.
Sample Receipt and Analysis Excel Template_SNTTest6.xlsx		1/27/2023	Sharlitta Nipper		No errors found. 1 sample receipts and/or analyses were processed successfully. Click on the eye icon in the Status column or refer to your email to view the list of the FDA Sample Number(s) associated with the submission file.

11. Select the **eye icon** on the row for the desired file.
12. A window appears displaying status details for each sample in the file. Sample Receipts and Sample Analysis statuses are displayed in separate sections. Select **Download to Excel** to generate an Excel file containing the submission details. **Note:** Instructions on how to correct submission errors are available in the [ORAPP Sample Receipt and Analysis Errors and Correction Knowledge Article](#).

Sample Receipt and Analysis Data Exchange

Submit results using the Sample Receipt and Analysis Excel Template that is available to download below.
